

2.6 The institution is in operation and has students enrolled in degree programs.
(Continuous Operation)

Compliance Status: Compliance

In Fall Semester 2010, according to the [Data Digest](#), the College of Coastal Georgia had a total undergraduate enrollment of 3,438 students. Approximately 2,092 were enrolled as associate for transfer students, while 689 were registered as career associate degree-seeking students. Career associate degrees include clinical laboratory technology, hospitality management, nursing, and radiologic science. In terms of baccalaureate students, 272 were formally enrolled in one of six degree programs – biological sciences, business administration, early childhood/special education, health informatics, middle grades education, nursing (pre-licensure BSN, RN-to-BSN) – while 345 were registered as pre-baccalaureate students. The remaining 40 were non-degree seeking students. Table 1 provides a 10-year historical snapshot of student enrollment in Fall Semester.

Table 2 provides a Full-Time Equivalent (FTE) snapshot of the last ten years (Fall Semester). FTE is the conversion of the number of all students enrolled full-time and part-time into an equivalent number of full-time students. It is calculated by dividing the total credit hours taken by all students during the semester by 15, the load for a full-time student for a semester. FTE is based on semester hours.

Additional data is available in the [2009-2010 College of Coastal Georgia Fact Book](#) which documents ongoing operation of the College.
