Charlie arrives to help at the LAP Dog House

Be a Life Saver! We have many volunteer positions with the [lifesaving programs](#) of LifeLine Animal Project. The dogs at the LAP Dog House love human playmates and the residents of Kitty Motel generally enjoy socializing with people. We also need help with pet adoptions and events, fundraising, marketing, web development, administrative tasks, even construction. To start helping the animals, click [here](#) to fill out our on-line [volunteer application](#).

For more information on volunteering with LifeLine Animal Project, contact Debbie, our volunteer coordinator, at dsetzer@atlantapets.org.
